## SUMMARY

Hi, I'm Jennifer Funk—a cybersecurity professional with a passion for leadership, analytical problem-solving, and team building. With a background in the US Army Military Police Corps and Business Consulting, I excel at tackling complex challenges, mentoring teams, and bridging the gap between technical expertise and strategic leadership. I am committed to fostering collaboration, building strong processes, and creating a positive, people-first work environment that drives success.

## WORK EXPERIENCE

Ahold Delhaize | Manager lvl 2 Cyber Defense Operations

Aug 2022- Present

### Overview

During my time on the Cyber Defense team, I have gained valuable experience across multiple functional areas, with a primary focus on developing robust Cyber Threat Intelligence processes and contributing to proactive Threat Hunting initiatives. I take pride in my ability to collaborate effectively across global teams, bridging cultural and operational differences to achieve common goals and foster a strong, unified approach to cybersecurity.

- Assessed business needs and critical Cyber Threat Intelligence capabilities to design and implement processes that effectively address stakeholder requests.
- Performed comprehensive analyses of threat actor behavior, tactics, techniques, and procedures (TTPs) to develop actionable profiles supporting threat hunting efforts and enhancing business continuity planning.
- Collaborated with cross-functional teams within and beyond Cyber Defense to evaluate and disseminate Cyber Threat Intelligence tailored to diverse stakeholders, ranging from tactical operators to strategic decision-makers.
- Onboarded, and configured Cyber Threat Intelligence platforms, including Anomali and Recorded Future, to streamline intelligence gathering, enhance threat visibility, and support organizational security objectives.
- Developed and implemented a cyclical process between Cyber Threat Intelligence and Threat Hunting teams, ensuring continuous feedback and alignment to enhance threat detection and response capabilities.
- Developed and refined threat hunting hypotheses based on emerging intelligence and organizational risk profiles, driving targeted investigations to identify and mitigate potential threats.
- Utilized developed hypotheses to conduct targeted threat hunts within the organization, leveraging data set analysis to identify anomalies and uncover potential security risks effectively across solutions like Microsoft Defender, Sentinel and Zscaler logs.

## **WORK EXPERIENCE**

### **Sage and Oak Studio Business Consulting (Owner)**

**June 2015-Jan2021**

- Oversaw project management for client portfolios, ensuring timely delivery of customized solutions while maintaining high-quality standards and client satisfaction. and collaboration.
